4TH QUARTERLY CONFERENCE

Of West Market Street Methodist Church Held Last Night.

The fourth quarterly conference for West Market street Methodist church in this city was held last night, being attended by the largest number of official members known in the history of the church.

The session was a most harmonious and [illegible] West Market will send up a report [illegible] the annual conference next week, and possibly an excess in the collections.

The conference unanimously passed the following:

Whereas, Rev. Frank H. Wood, D D, presiding elder of the Greensboro district, and Rev. J. C Rowe, D. D., pastor of West Market Street church, have rendered such faithful and efficient service in the difficult and delicate positions which they have held during the present conference year, and,

Whereas, they are greatly beloved by our people, therefore be it

Resolved, 1st, That we, the members of the quarterly conference of West Market Street church, in our fourth session assembled, desire to express our great love for these brethren personally, and our appreciation of their patient and effective labors in our midst.

Resolved 2d, That we believe that it would be to the interest of our district and station for them to be returned to us next year, and that it is the opinion of this conference that we voice the wishes of our people in requesting this return.

Received the Awful News in Court.

Referring to young Long's sad death, Col. Olds, of Raleigh, says in todays Charlotte Observer:

B. F. Long, Esq., of Statesville, has been here two or three days, attending the supreme court. Yesterday he wrote his son, a student at Chapel Hill, to come here today to take dinner with him. He was in the court room when he received the telegram with the terrible news.

Numbers of people who bought shoes of us last season reinforced with A. S. T. Co.'s Tips, tell us that they last nearly twice as long as shoes made in the ordinary way. We have just received a fresh supply of these excellent little shoes made with the A. S. T. Co. sole leather tip at the toes and extending around the sides. They come both button and laced, and are sold for $1.10 and $1.25.

400 KILLED AND WOUNDED

The Loss of the Boers Before Ladysmith.

A SUCCESSFUL BRITISH SORTIE

The Boers Were Drawn From Their Position—British Regulars Fell Upon them With Slaughter.

By Cable to the TELEGRAM.

London, Fov 17—A special cable to the New York Evening Journal from Durban gives the very latest news from Ladysmith brought by reliable messengers through the lines. The Boers have suffered disastrous reverses in front of the town. Their loss is fully 400 hundred killed and wounded. The Brish made a sortie Friday, leading a column composed of colonial volunteers. They manoeuvered cleverly to deceive the Boers and draw them from their position. The Boers made hot pursuit of the English troops, when a body of British regulars fell upon their flank, driving them back with great slaughter. The Boer lines, for the time were completely destroyed.

MORE TRANSPORTS ARRIVE.

London, Nov. 17—Four more transports have arrived at Cape Town and Maunila on the way to Durban.

200 KAFFIRS BURYING DEAD.

London, Nov. 17—A native missionary arrived at Estcourt Wednesday from Ladysmith and reports a big fight on the 10th inst. He says over 200 Kaffirs were employed by the Boers to bury their dead.

ROAD CLEAR TO KIMBERLEY.

London, Nov. 17—An undoubted dispatch from De Aar says a strong British force left there for Kimberley on the 10th inst. When within fifty miles of Kimberley the relief column encountered a considerable body of the enemy. The Boers were routed after a smart brush, leaving the road clear to Kimberley which, the dispatch concludes, may now be relieved at any moment.

HEAVY FIRING AT LADYSMITH.

Estcourt, Nov. 17—Heavy firing at Ladysmith this morning. No news of the whereabouts or condition of the British troops wounded in the fight on the armored train.

CANNONADING CEASED.

Estcourt, Nov. 17—The continuous cannonading at Ladysmith all day Thursday has ceased It is hoped here that relief for White will have arrived by Tuesday Gen Lord Mathmen's troops are announced to be ready to start from Pietermaritzburg and are well supplied with artillery

TO JOIN HANDS

London, Nov 17 A body of Boers are moving their way southward to Colenso, supposed to be intending to join hands with Schalkenburg's column, which has been marching from Estcourt to Pietermaritzburg by a circuitous route to connect with the force which blew up the railway bridge at either Bushman's River or Mooi. It is believed they belong to Schalkenburg's column.

A BOER DISPATCH.

Pretoria, Nov 17—The following dispatch has been received from the Boer camp at Elandslaagte, dated today:

"Ladysmith is completely encircled by the Boer forces. Our second big gun has been successfully placed in position on Bullawand Hill, in front of Ladysmith. Firing of heavy guns commenced early this morning. No casualties have occurred to the burghers up to the present. The British batteries opened a heavy fire with big guns, and continuously drop shells in Boer works. The Pretoria force is in a tight place, having taken a position commanding the big British fire. It is so hot, the position is untenable."

SECRETARY GAGE'S ACTION.

Saves the Financial World From a Panic, Thinks Russell Sage.

By Wire To THE TELEGRAM.

New York, Nov. 17—Russell Sage, discussing the offer of Secretary Gage to buy bands, said today. "I believe Gage's action has saved the financial world from a great panic. No one in touch with the business enterprises of the country can fail to realize the stringency of the money market. Ready money is scarce, and those who have it, hold it, or demand the highest class of securities before letting it go. I know of banks," he concluded, "in different parts of the country, which have had the hardest kind of time realizing money, yet they held securities which would have ordinarily been negotiable anywhere."

BRYAN MAY SUCCEED HIM.

Senator Hayward, of Nebraska, Failing Rapidly.

By Wire to THE TELEGRAM.

Lincoln, Neb., Nov. 17—Dispatches from Nebraska City announce that Senator Hayward is failing rapidly and will scarcely live more than a week The senatorial friends of Bryan intimate that the silver leader will doubtless succeed Hayward if he desires the place. The governor will doubtless appoint the successor, as the legislature does not meet until 1901

The Army's Doings.

By Cable to the Telegram

Manila, Nov. 17—The commands of McArthur and Lawton are now near each other. McArthur is getting his supplies from Tarlac over the Bamban railroad, using the engine raised from the river by the Ninth infantry.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Nov 17

Miss Venetia Smith was a guest of Greensboro.

Dr J. A. Turner went to Baltimore this morning.

The Alma furniture factory is putting in a saw mill.

L. Schiller represented Statesville here yesterday.

Monday the examinations at the graded school begin.

Jno. R Brown spent yesterday in Greensboro on business.

J. P Daves, of Atlanta, was in the city yesterday afternoon.

E. W. Cates, Jno. Lambreth and others, from Thomasville, were in the city last night.

The High Point cornet band "blowed" for the show in front of the opera house last night.

The Myrtle furniture factory is shut down for a day or two from scarcity of water. The well will be dug deeper.

The Southern chair factory began work yesterday after a shut down of one or two days to make some needed repairs.

Work on Marion Montgomery's house on Washington street is progressing nicely. M. C. Welch is the contractor.

Lawyer Westcott Roberson is thinking of opening a branch office in Thomasville for the practice of his profession.

Freight has been so heavy on the Asheboro & Aberdeen railroads that extra trains have to be run this week to Asheboro and back.

"The Other Girl" was presented by the Marshall Musical Comedy Company to a fair-sized audience in the opera house here last night The play was up to its representation—a mirthful comedy in four acts. Miss Paige sustained her reputation as an artist, while those that supported her acted their parts cleverly Tonight they close their engagement here, presenting "The Bachelor's Dilemma." Go out. Admission 25 and 35 cents.

Some rascal entered the store of Garner & Co. on Main street last night and secured about $17 00 in cash which was left in the money drawer The entrance was made by the rear door by reaching through a hole in the glass and removing the bar behind the door The door wasn't locked, but if it had been it would have been just as easy to have prized off the side catch that holds the lock Mr Garner thinks the store was entered while he was at the show. This seems plausible as he steps in a few feet of the door which was broken open and undoubtedly would have heard the noise No goods missed.

FALLING STARS CAUSE TERROR.

Panic In Many Places in Russia—Parents Murdered Their Children.

London, Nov 16—In Russia, the Leonid displays caused a panic in many places. It was believed that the end of the world had come. Churches were open all night long and hundreds of thousands spent three nights in the open air, fearing earthquakes and a general cataclysm. There are rumors that in some villages Russian parents murdered their children to relieve them from an expected worse fate. There was rather a brilliant meteoric display this (Thursday) morning at Berlin.

FALLING STAR SMASHES A HOUSE.

Crescent, Ill., Nov. 16—By the falling of an aerolite, seven miles south of Crescent City, the residence of John Meyers was partially wrecked and the neighborhood was panic-stricken. The meteor came from a point in the sky a little east of south, and struck the north end of the house, tearing away a part of the upper story. The aerolite buried itself in the ground, about three feet from the foundation of the house.

A BANQUET TO SCHLEY,

An Extraordinary Scene in the Clover Club's Room.

Philadelphia, Nov. 16—Rear Admiral Schley was given a dinner tonight by the Clover Club, prior to his departure for South African waters. Among the guests were Captain Clark, formerly of the battleship Oregon, who was with Schley in the great naval battle off Santiago, and Gen. Fitzhugh Lee, who is now on a visit to this city.

A feature of the dinner was the appearance for the first time of a woman at a Clover Club dinner. Mme. Emma Nevada, the distinguished operatic singer, was introduced to the diners and shook hands with the guest of honor. She favored the club by singing "America," in which she was joined by the entire assemblage, Admiral Schley leading.

An Italian Tempest.

By Cable to THE TELEGRAM

Rome, Nov. 17—A tempest is raging upon the Italian coast. So far as reported sixteen merchantmen are wrecked and twenty-one lives lost.

Hobart Walks About.

By Wire to the TELEGRAM.

Paterson, N. J., Nov. 17—The vice-president is reported as feeling greatly improved today. He is able to move about the house.

CONGRESS SOON TO CONVENE.

Next Speaker Expected at Washington Within Few Days

THE MINORITY SPEAKERSHIP.

Several Candidates Spoken Of—Kinley Will Probably Go to Nashville.

Special to The Telegram.

Washington, Nov. 17—Although the convening of congress is only a few weeks distant, none of the candidates for the minority leadership have thus far established headquarters in Washington, and it is said by democratic congressmen that no headquarters will be established by the candidates until within a few days of the assembling of the democratic caucus, which will be the Saturday before the convening of congress. General Henderson is expected in Washington within a few days, and he will at once establish himself for the winter and will open headquarters. As he is the only candidate for the speakership, the other gentlemen who were originally in the field having withdrawn from the contest, recognizing the futility of the contest against General Henderson, no other republican will open headquarters in this city. The absence of a contest over the speakership, and the fact that most of the republican officials of the last house are assured of re-election, will lead many of the republican members, in fact the majority of them, to delay coming to Washington until within the last few days before the assembling of the senate and house. Those members, however, who are anxious to secure chairmanships and good committee assignments, will be in Washington almost by the time General Henderson arrives.

There will likely be quite a contest for the minority leadership among the democrats. It is now said that Gen. Bankhead, of Alabama, will not be among the leading candidates, but will stand the best chance in the event of a contest which is in any ways prolonged. Most of the democratic representatives in Washington seem to look upon Mr Richardson, of Tennessee, and Mr. De Armond, of Missouri, as the leading candidates. The southern delegations from such states as South Carolina, North Carolina, Georgia, Mississippi and Alabama are likely to prefer Richardson to De Armond.

Congressman elect Levy, of New York city, who is well known throughout the south as the owner of the Jefferson estate at Monticello, Va., is [illegible] as a candidate for the minority leadership, but there is much support on all sides of [illegible] from the democratic delegation [illegible] of the Alabama delegation [illegible] there are more than [illegible] probably stick to him On the first ballot, in the democratic caucus, other states are likely to honor their favorite sons with a complimentary vote

Mr Kosciusko Kemper, jr., who has filled for several months the responsible position of cashier of the Southern railway at Winona, Mississippi, was compelled to resign on account of his continued ill health. His resignation was much regretted by the officials of the company, who recognized fully the merits and integrity of Mr. Kemper. On returning to his home at Alexandria, Va., Mr. Kemper received from Mr. Frazer, the superintendent of the Atlanta and Greenville branch of the Southern railway, a telegram tendering him a position in the office of the road at Columbus, Mississippi, which is said to be a more healthful point than Winona. Mr. Kemper left the other day for his new home. Since his return, it is said his health has been much better, and his friends hope for his complete recovery. Columbus is said to be one of the most healthful points in the state of Mississipi. Mr. Kemper is well known in this city, being a relative of the late General Delaware Kemper, who was prominent in the consulate service during the administration of President Cleveland, filling the position as consul to Amoy, China.

At the white house it is said that the president will probably go to Nashville on the occasion of the reception to the First Tennessee regiment. Owing to the nearness of the session of congress, however, he will not stop at any other southern city either en route or on his return from Nashville. It is not known whether Mrs McKinley will accompany the president or not. It is likely, however, that Secretary Root and one or two others of the cabinet may accompany the president

Lieutenant Commander Henderson, a brother of former Congressman Henderson, of North Carolina has been appointed a member of the board to test the speed of the Kentucky on her trial trip from Norfolk to Boston.

Mr. Arthur Charles Needles and bride, who were married Wednesday at Baltimore, Md., passed through the city at night for their future home at Roanoke, Va. The couple did not remain in Washington only long enough to make the proper railroad connections.

Congressman-elect Pearre, of Maryland, of the sixth Maryland district, is in the city. He is much disappointed at the result of the elections in his state, but he thinks McKinley will carry the state next year. He bases his opinion on the fact that while in the present campaign the republicans were divided, that they will be practically solid in their support of President McKinley.

THE COLORED A. & M. COLLEGE

In the Midst of a Successful Year Everybody at the College Works

The present session of the A & M College is the [illegible] session [illegible] college [illegible] session [illegible] year's and students are entering every week. The distinctive work of the institution began with the incumbency of the present executive Before then the work was almost wholly of a literary nature.

The college is now a full fledged school designed to educate in such branches as relate to agriculture, mechanics, and the domestic arts. It is conceded by persons who have knowledge of all the schools for colored people in the country that only one or two surpass it in accommodations and, though its departments are not so varied as the most widely known industrial schools, its compactness and equipment, coupled itn the courses of study, make it a superior institution. Besides the teachers are more or less specialists in their branches, thus giving the student the benefit not only of good instruction but such as is based upon experience and careful study.

The solution of the much discussed race problem does not cause any concern. President Dudley believes that the institution is intended to have a good effect upon the home life of his people—in the formation of character, the making of self-respecting and industrious men and women. He believes and teaches that laziness begets poverty and crime and that people frequently suffer because of a lack of knowledge of how to do something which would ameliorate their condition. Hence everybody at the college works.

The school day begins at 5:45 a. m. and ends at 10 o'clock p. m. Morning prayer is conducted at 6:15. All students are required to attend. Breakfast at 7:30; chapel 8:30; class room and industrial work from 9 to 4 o'clock Night school begins at 7 and ends at 9:30 o'clock. Evening prayer at 9 o'clock. The night school is for students who work during the day to pay their expenses.

The worth of the instruction given has already been tested. All of the graduates are employed During vacation the majority of the students find work in occupations for which their raining in school peculiarly fit them in front of the campus are several [illegible] stages that were [illegible] ity students in the preparatory department [illegible] E Z

[illegible] the examinations in the [illegible] ranks of the college, in the meantime [illegible] exercise in drill-marching and [illegible] [illegible] all the premiums in the [illegible] ments in which their articles were entered and have besides received high compliments from the press.

Most encouraging is the spirit the students manifest in their agricultural work. A little fellow whose father is a leading teacher in the state was making a model in the blacksmith shop the other day. He is not tall enough to do effective work by standing at the polishing table, so he got upon it, threw his feet around the vise and toiled away Having been asked if he ever tired of the exercise, he replied, "A little bit, but it's good to know how" A day or so later he wrote the president a note requesting work in order that he might help to pay for his education. Soon afterwards he met the president, enquired if the note had been received and asked for its answer. He was willing to do anything at which he could make money.

The faculty frequently gets requests from students to be allowed to become special students in order to pay more attention to handicraft. The youth referred to above has been at the college a short time only, but he has caught the spirit—the spirit that is destined to do marvels for the negro in North Carolina. The students in attendance are largely from families whose parents are leaders in their communities. This indicates that the sentiment for the education of the hand to do useful and intelligent work is leavening the mass.

The religious side of the student body is not uncared for. The Y. M. C. A. and T. P. S. C. E. have healthy organizations. The system of attending church is an evolution. At first the boys went to church at their own pleasure. The girls were in charge of the matron. Now a teacher is assigned to every church in Greensboro, to which he takes all students who wish to attend once every Sunday. Most helpful are the talks that President Dudley delivers in the chapel on vital moral subjects.

The management clearly sees that the A. & M. College can do much for North Carolina in both a sociological and economic sense, and nothing is being left undone so far as its ability goes to have it accomplish its mission.

A trip to the college while the students are at work will be a pleasure as well as a revelation. The teachers and students take pleasure in showing visitors around

THE NEGRO MAN OF THE SOUTH.

Booker Washington made diligent inquiry while in Europe as to the chances of that race in Africa. He found that Africa, the home of the negro, had been closed against that race by the extensive colonization schemes of the whites. There is no place in Africa where the negro can go with a hope of improving his condition. Among those who expressed this opinion was Henry M. Stanley, who has done more to open Africa to the white race than any other man. The whites are no more disposed to do justice to the blacks in Africa than in the United States. Either by law or the force of public opinion the whites in both English and Dutch settlements restrict the blacks to the lowest menial, debar them from citizenship and in other ways discriminate against them. If a handful of whites can go into the homes of the negro and hold him as an inferior, the negro's chances of placing himself on equality with the Caucasian in the latter's home seem remote. Still, Mr. Washington entertains the hope that what a few have accomplished in a short time may in a much longer time be accomplished by many. —Ex.

There is no place in the world for the mass of African negroes but the southern states. The negro is safer here, happier here, and has the best chances for making a living. He is debarred from social equality, and the south has not yet been able to make an exception to what is so overwhelmingly the rule. But in every other respect the worthy negro finds it to his advantage to live in the south, and the white man whom he serves is the truest friend he has.—Presbyterian Standard (Charlotte).

The sunny south is the colored man's home. Here was the home of his fathers, and here will he find happiness and contentment as nowhere else upon this troubled globe. Here he may have social equality in his own race, which is all the social equality he should desire, and which we believe is all the best element of his race desire. As long as he treats his white brother fairly, so long will he enjoy his white brother's esteem and friendship and the protection of the salutary laws the white man has made for the colored man's good as well as for his own. The white people would be sorry to see their colored friends leave the south, even if the latter could find a more congenial location elsewhere in the world for themselves—which is a demonstrated impossibility. The white man of the south needs the colored man's assistance, and the colored man must have the white man's assistance and protection. This is the unvarnished truth.

Instead of lifting his eyes in search of more inviting fields elsewhere, the negro of the south should look around him and contemplate those blessings he has. If he have ills here, bear them and remedy them—not fly to others he knows not of Let him strive to create more leaders for his race of the build of Booker T. Washington, or S. G Atkins or James B. Dudley—men who have the real benefit of their race ever burning at their hearts, and who are wearing out their lives to free their fellowmen from the chains of ignorance and sin and moral and physical degeneration.

On this line there is a noble future ahead for the negro of the south. Any other road will lead to disappointment and despair.

Some wag divided liars into three classes: The liar, the blankety-blank liar and the statistician. If the fellow is living at present he has doubtless added another—a fourth class, so that the scale stands thus: The liar, the blankety-blank liar, the statistician and the astronomer.

An advertisement of a hardware firm in a paper today gives this announcement: "Loaded shells, 40 cents per hundred." This a good deal higher than they are going at other places we know of—for instance, Ladysmith.

With Aguinaldo uncaught—as everybody expected—and the fine cruiser Charleston lost, and quite a number of our boys shot and killed in the latest scrimmage, the past week's record in the Philippines is not very flattering.

Prof. Falb, the scientist of Vienna, predicted that the end of the world would occur last Monday. We haven't heard yet whether the prognostication proved true or not.

The English and the Boers are even in general-killing at this writing. Joubert appears to have paid the debt incurred in the taking-off of Symonds.

INTERESTING PEOPLE.

With all sympathy for Mr. Goebel of Kentucky, we believe he is the only man who has seen the stars fall.

Dewey is going to transfer that home, which has been the subject of so much comment, to his wife. The admiral has the sympathy of thousands of his fellow-countrymen. Let him find a bit of consolation in the fact that "there are others."

***

Registered at the McAdoo today was a gentleman who, from his modesty alone, receives not the crown of laurels from his North Carolina friends to which he is so eminently entitled. We refer to Mr. John R Morris, of Goldsboro. He is a commercial traveler by occupation, but privately a literateur of high order. In the seclusion of his own room, removed from the madding throng of tradesmen, his genius-tipped pen can create poetry finer than many of those who are called inspired. We venture the statement—and can prove it by that bright literary gentleman, Dr. Kingsbury, of the Wilmington Messenger, that Mr. Morris is the ablest critic in North Carolina. We have often wondered why he doesn't dive into literary work deeper than he has done in the past. Mr. Morris is of less than medium stature, very stout, about 45 or 50, and has a very unliterary personal appearance—yet he is master of the most lucid English, a fine writer of dialect, a poet of exceptional merit, an essayist, critic, and general man of letters whose superior, we believe, does not exist in the state.

***

Mr. Hobart's physician is now confident the vice-president will get well. A week or two ago his physician had given him up, and every big newspaper in the land had death notices of the distinguished man prepared, waiting for the wires to announce the last breath had been drawn. There's some consolation in the fact that the doctors don't always know.

BROKEN THIGH.

Will Wagner Sustains Serious Injury by a Runaway.

A serious accident befell Will Wagner late Wednesday evening, caused by a runaway horse in the neighborhood of South Buffalo creek.

As he neared the bridge which crosses the creek, his horse became frightened at a cow and began running. Wagner was thrown from the wagon and into a barbed-wire fence and against the end of the bridge.

His left thigh was broken and he was considerably bruised, but his condition is not considered dangerous.

The wounded man was carried into Mr. Weatherly's house and Drs. Brooks and Rierson attended him He was taken to his home on Lewis street late yesterday evening, and is resting as well as could be expected today, though it will be several weeks before he will be able to walk. Young Wagner has been driving for Earnest Teague for some time and was returning home from a trip to town when the accident occurred.

The Meteors.

The meteoric showers have not yet made their appearance as predicted by the astronomers. A large number of our citizens lost sleep again last night looking for the expected shower that never came. Patience in this matter has ceased to be a virtue. It is not so bad to stay up one or two nights to witness the display, but after a person has lost three or four nights' sleep and is then disappointed, you might expect him to be just a little bit angry—and there are a few of us in Greensboro. An exchange says that the exact date for the shower is not known, and it may possibly not be here before the last of this month. However, it wouldn't be a bad idea to sleep with one eye open tonight.

HARRIS LITHIA WATER

Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powertully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.
Walterborboro, S. C.

Read what the noted Dr. Thomas S. Powel has to say for Harris Lithia Water:

Mr. J. T. Harris:

Dear sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully pours,
Thomas S. Powell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated. In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most exceilent remedy in the uraic acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

J. T. Harris, Esq., Harris Spring, S. C.:

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,
Pres. S. A. L. R. R.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split;" take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.

Rev. W. H. Dexter in Asheville.

Asheville, N. C., Nov 16—Rev. W. H. Dexter, principal of the military school at Nyack, N. Y., who mysteriously disappeared two weeks ago, is known to be in this city. He has acquaintances here, but they refuse to give out any information concerning him. It is reported that Dexter says he left home while temporarily mentally unbalanced on account of financial troubles. He claims that insanity is hereditary in his family, his mother having been similarly affected. He claims that nothing of a criminal character attaches to any of his actions.

WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over thirty years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is, of course, regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst imaginable cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y., — take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I drop you a line this morning to let you know that I have received the Medical Adviser, and how very much pleased I am with it. A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send free to any address a paper-bound copy of Dr. Pierce's great 1000 page book, "The Common Sense Medical Adviser." Or, the same book bound in fine French cloth will be sent for 10 cents extra to pay the cost of this more handsome and more durable binding. Address World's Dispensary Medical Ass'n, Buffalo, N. Y.

HOLLAND BOAT A SUCCESS.

Submarine Craft Approved by a Board of Naval Officers.

Washington, Nov. 16—The report of the board of inspection and survey on the recent official test of the submarine boat Holland has been given out by the secretary of the navy. The board reports that all of the requirements of the department were fulfilled.

Chief Engineer Lowe was specially ordered to witness and report upon all preliminary trials of the Holland and the final official test. His report says:

"The Holland is a successful and veritable submarine torpedo boat, capable of making a veritable attack upon an enemy unseen and undetectable, and therefore she is an engine of warfare of terrible potency, which the government must necessarily adopt into its service."

Lowe says that it is his opinion "that this government should at once purchase the Holland and not let the secrets of the invention get out of the United States, and that the government ought to create a submarine torpedo boat station for the purpose of practice and drilling crews, and that we need right off and right now fifty submarine torpedo boats in Long Island Sound to protect New York, preserve peace and to give potency to our diplomacy."

Threats of Lynching.

Goldsboro, N. C., Nov. 16—Thomas Smith, the negro who was tried and convicted of murdering Chas. Cawthorn near Selma last Christmas, was brought here this evening by Sheriff Ellington, of Johnston, for safe keeping. The supreme court gave Smith a new trial, and his case has been moved to Wayne for trial. Threats of lynching were made against him in Johnston.

Escape.

I stood beside the body of one dead
Who had in life been alien to all good,
Had ever with the baser party stood,
Was ever to the meaner practice wed,
But now the form from which the soul had fled
Was calm as sleep, and on the marble face
Of gross or evil passion not one trace
Remained. Then softly to myself I said:
Much do we hear about the grievous wrong
Done by the flesh to the indwelling soul,
But here was one, and many there may be
Like him whose spiritual part was strong
The subject flesh most base to control,
Now from that long enslavement it is free.

SMALL CHANCE FOR GOEBEL.

Kentucky Democrats Now Trying to Save the Legislature.

Louisville, Ky., Nov. 16—It is becoming more and more apparent that the democrats are losing hope in the central board, which has been counted upon to give Goebel the certificate of election. In contests more attention is being paid to the counting in of members of the legislature and less to votes for the state ticket. In fact, in the Jefferson county count today Taylor gained in every precinct, and in one his vote was increased by a find of 74 votes. But a small technicality was taken advantage of in order to elect the democratic representative. Whether the plan is to depend on the legislature to make Goebel governor or to make him senator is purely a matter of guesswork.

Moreover, there is a well-founded rumor that Judge Pryor, one of the members of the central board, is to be asked to resign, and June Gayle, of Owenton, put in his place. Judge Pryor, however, denies this.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows; "I was in a most dreadful condition tion. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

"The eagle may be the national bird," mused the turkey as he sadly scanned the November calendar, "but it seems to me he keeps pretty well under cover about this time of year."

This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

DIED OF HIS INJURIES.

Young Ben Long Lived Several Hours In Great Agony.

Durham, N. C., Nov. 16—B. F. Long, Jr., of Statesville, a student at the University of North Carolina, was run over by a train at University Station this morning. The young man is a son of B. F. Long, one of the best known lawyers in the state.

The young man came over from Chapel Hill to University Station, intending to go down to Raleigh, where his father is attending court. While in the waiting room he saw or heard the train from Greensboro approaching and started out to board it. The Chapel Hill train, which was pushing a box car in front of it, struck him and knocked him down. As soon as the train could be stopped it was found that young Long was beneath the box car. One of his arms was wound between the brake rod and axle. His right thigh, left arm and collar bone were broken, and he is probably hurt internally.

Dr. Hayden, of Morehead City, who accompanied the young man, did all he could for him. While lying under the car, Long begged the doctor to kill him.

It was found necessary to jack the car up before the injured man could be gotten out. The young man remained under the car about thirty minutes.

He was brought to Durham, and taken to the Watts Hospital, where he now lies. Dr. Haden, with the assistance of Drs. Manning, Carr and Cheatham, has done everything possible for him.

B. F. Long, father of the injured young man, and also Dr. Long, of Salisbury, an uncle, were telegraphed for. Both arrived this afternoon.

Reaction has not yet set in. He has up to this time been conscious. It is too early to determine whether the injuries will prove fatal or not.

Young Long was very popular with his fellow students and friends, all of whom regret to hear of the accident.

ANOTHER REPORT—LATER.

Durham, N. C., Nov. 16—Benjamin F. Long, Jr., who was injured at University Station today, died at 8 o'clock this evening in Watts hospital. Several surgeons in attendance worked unceasingly to alleviate his sufferings, which were excruciating. He was conscious almost to the last. Mr. Long's father arrived here this afternoon His mother will reach Durham at 2 o'clock in the morning. The remains will be taken to Statesville tomorrow for burial.

A special from Chapel Hill to The Post says: "Mr. Long was popular alike with the faculty and students who deeply sympathize with his family."

Blobbs—"He's a successful man, isn't he?" Slobbs—"Very. He ever succeeds in keeping his picture out of the papers."

Wiggs—"Miss Oldgirl wears her hair pompadour sometimes, doesn't she?" Waggs—"Yes; off and on."

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of Indigestion or Dyspepsia, while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. A. Arnold, Linn.

JAIL BEFORE VACCINATION.

"Scientists" of the Upper Ten Create a Sensation.

Americus, Ga., Nov. 16—Nearly the entire membership of the Christian Science church in Americus were in the mayor's court today to answer charges of refusing to submit to vaccination. Among the defendants were twenty ladies, many of them prominent in the community, besides a number of boys and girls. The court room was crowded with well dressed men and women. Attorneys for defence obtained a continuance of the cases until tomorrow. The Scientists will be given the alternative of being quarantined at their own residences or going to prison, and many of them will choose the latter.

The sentence of Mrs. Raines, who was sentenced yesterday to thirty days in the barracks or to leave the city for refusing to be vaccinated, has been suspended until the other cases have been disposed of. The affair has caused a tremendous sensation here and little else is talked of.

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.
W. R. NEWMAN,
Staunton, Va.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

S.S.S. For The Blood

is guaranteed Purely Vegetable, and is the only blood remedy free from these dangerous minerals.

RHEUMATISM CATARRH

It is the deep seated, obstinate cases of Catarrh and Rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors and remedies have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the system the specific poison in the blood that causes Rheumatism and Catarrh. B.B.B. is the only remedy strong enough to search out the poison, not only in the blood, but the bones, mucous membrane and entire body, and eliminate or drive out the last vestige of the disease so there can never be a return of the symptoms. If you have been disappointed in sprays, liniments, medicated air, snuff, blood purifiers, Etc., don't give up hope but try B.B.B. (Botanic Blood Balm). It has been thoroughly tested for past 30 years and has never failed to permanently cure obstinate Blood Diseases as Rheumatism, Ulcers, Catarrh, Eating Sores, Cancer, Scrofula, Pimples, Eczema, after all other treatments had failed. Ask your druggist for B. B. B.—Botanic Blood Balm or 3 Bs.—Large bottles $1, six bottles (full treatment) $5. B.B.B. is an honest remedy that makes real cures. So you may test Blood Balm, we will send a FREE TRIAL BOTTLE on receipt of 2 stamps for postage. Personal medical advice free. Address BLOOD BALM CO., ATLANTA, GA.

FOUR NEGROES ARRESTED.

For Stealing Tobacco from the Southern Tobacco Company.

Chief of Police Scott and his men went hunting yesterday evening—hunting not for birds, but for the parties who broke open E. J. & A. G. Stafford's factory the other day and stole some plug tobacco

The officers failed to find the Stafford tobacco thieves, but came across about twenty-five pounds that had been stolen from the Southern Tobacco Company's factory.

Four negroes, John Quicker, Will Bailey, Mack McGirt and Will Neilson, were arrested on the charge and placed in jail. The mayor will investigate this afternoon.

It is supposed that this tobacco had been sold to the proprietors of the Jacksonville Company store, in the southern part of town, where it was found, and was being retailed by them

Three of the negroes arrested were in this store when the officers raided it, while the fourth was arrested in Warnersville later in the evening.

The United States revenue people of this city will probably issue warrants for the negroes, and if they are acquitted by the mayor for stealing, they will have to answer to Uncle Sam for the illicit handling of the weed.

The Stafford tobacco has not yet been found.

Ideal Entertainers.

The Ideal Entertainers were greeted with a full house at the Academy of Music last night, and they gave a fairly good performance. The entertainment was of a musical, dramatic and literary order, and the violin solos of Miss Elizabeth Mac Kinstry, the singing of the soprano, Miss Marcella M. Klock, and Miss Caroline Conkling's recitations of "Old Mother Goose," "Nine Little Goblins," etc., have received much favorable comment. Another feature of the performance was the presentation by Miss Helen Cushing and Louis M. Vail of Miss Cushing's one-act sketch entitled "Honoree." The company has decided to repeat the performance tonight at the Academy.

The Best.

The best system of fraternal insurance that exists today is the endowment rank of the order of Knights of Pythias. This is freely acknowledged by the best authorities on life insurance, and all will admit that this department of the order is better and more prudently managed than any kindred society. It is now patterned after by others of its kind, and universally quoted as a standard by which to go.

BRIEF LOCAL MATTERS.

Judge Douglas came in at noon from Raleigh.

M. K. Gray, of Lexington, was in the city today.

Dr. D. A. Long, of Graham, was in the city this forenoon.

H. J. Blauvelt, the architect, went to Reidsville this morning.

Miss Anna Gudger, of Waynesville, passed through here today en route north.

It is said that Gov. Taylor's descriptive picturesqueness is rarely equalled.

A. J. Fair, one of Walnut Cove's enterprising citizens, was here today on business.

Mrs. Dr. Archibald Cheatham, of Durham, arrived today and is visiting Mrs. Dr. Peacock.

Tonight Mr. and Mrs. B. H. Merrimon celebrate the twentieth anniversary of their marriage.

Gov. Taylor's tone is pure and elevated, and he rarely, if ever, mistakes what is trivial for what is simple.

The football teams which will play a game at the park on Thanksgiving day, had their first practice last evening.

The regular monthly meeting of the Eagle Hose Co. will be held tonight. It is important that every member attend.

One of our town gentlemen said he wouldn't miss hearing Governor Taylor if he had to pay $5.00 for a ticket.

Prof. J. Y. Joyner and J. A. Logan returned last night from Rutherfordton, where they attended the funeral of Miss Linda Toms yesterday.

Officer Alexander pulled Will Forbis, colored, last night for being drunk and down. Mayor Taylor will give him a hearing this afternoon.

The Greensboro Council No. 13 Jr. O. U. A. M. had its regular meeting last night, and there were three or four initiated into the mysteries of the Grand Orient.

The papers in the appeal of the case of J. Henry Phipps against the city of Greensboro, were filed with Clerk of the Court Nelson today. Mr. Phipps sues for $46 41.

If you want to spend an evening of rare enjoyment go to the academy of music Wednesday 22nd, and hear Bob Taylor in his new lecture, "Love, Laughter and Song." It is said to be his best.

'Squire Eckel tried Charles Cotten today on the charge of assaulting Lee Donnell, and judgment was suspended upon payment of costs. George Jones, for assault with deadly weapon upon Clara Chapin, was discharged and case dismissed at cost of plaintiff. The parties are cullud folks.

The adjourned meeting of the board of aldermen which was appointed for last night, was not held owing to the failure to secure a quorum, and the matter of considering certain ordinances in regard to the inspection of buildings, prevention of fires, etc., goes over to the next regular meeting of the board.

The little deaf, dumb and blind girl, mentioned in yesterday's Telegram, is Beulah Templeton, and her home is in Stanly county. She was met in Greensboro by Superintendent John E. Ray and left at 12:10 for Raleigh, to enter the blind institute. This is the only child in the state that is deaf, dumb and blind.

Mrs H. C Bowen and children are visiting Mrs. Bowen's sister, Mrs. L. E. Duffy, in this city. They will spend a week in Greensboro, after which they will leave for their future home in Cincinnati. Mr. Bowen has been pastor of the Christian church at Winston for several years, and resigned recently to accept the pastorate as a church in Cincinnati.

The football team of the A. & M. College, at Raleigh, passed through Greensboro last night bound for Charlotte, where the boys are scheduled to meet the Davidson College team on the gridiron today. From Charlotte they go to Rock Hill, S. C., to play with the Clemson College eleven tomorrow. The boys were in charge of Coach John McKee, and he says they are confident of winning both these games.

The remains of B. F. Long, Jr., who met such a terrible death at University Station yesterday, were carried through here this morning to Statesville for interment. Mrs. Long, mother of the young man, and R. B. McLaughlin, of Statesville, arrived at 10:47 last night. The father, who has been attending supreme court at Raleigh, joined his wife here this morning and they accompanied the remains to Statesville.

Survey Completed.

The survey of the watershed of South Buffalo creek was completed today by City Engineer Bandy, and all the matter pertaining to the survey will be sent to the consulting engineer at Providence, Rhode Island, next Tuesday.

Prof. Bandy received sterilized bottles today from the state bacteriologist, Dr. Anderson, of Wilson, and will fill them with water from the Greensboro supply and send them tomorrow to Dr. Anderson for a bacteriological test.

He will also send some of the bottles of water to Dr. R. H Lewis, Raleigh, secretary of the state board of health, for a chemical test.

Cheered by a British Squadron.

Gibraltar, Nov. 16—The United States transport Thomas, with the Forty-seventh Infantry on board, bound for Manila, was roundly cheered today by the British Channel squadron, whose bands played British and American airs as the transport passed. The soldiers returned the compliment.

When a man shakes both your hands at once you can't help feeling that he looks upon you as a suspicious character, and does it in self-defense.

Consider the Cost.

The death claim on a policy for $5000 on the life of Thos. W. Strange, of Wilmington, in the Endowment Rank, Knights of Pythias, has just been paid. Policies in this feature of insurance are paid with the promptness of old line companies. Mr. Strange had insurance in other companies and the $5000 in the Endowment Rank cost him less than half what the same amount cost him in the old line companies.

Geo H Royster represents the Endowment Rank, and the members of the order are fast reorganizing the superior advantages of their own insurance company.

Look Out for the Oyster Supper

Of the season next week—time and place to be given later—all in charge of the ladies of Saint Barnabas church These ladies have become quite famous in our midst for their well served viands and enjoyable social fetes, so we bespeak for them their usual success.

On a Prospecting Tour.

Joseph and John Reich and Peter Parker, of Mount Sterling, Ill., spent last night at the Allen and left this morning for Lexington. They are here for the purpose of inspecting the mineral deposits in this section with a view to entering into the mining business on a large scale.

A Good Idea.

Would it not be a good idea if all the business houses in Greensboro that can do so would close on Thanksgiving day? A person ought to be able to return thanks at least once a year if no more. Besides this, a holiday now and then benefits both employers and employees. Usual thanksgiving services will probably be held in most of the churches.

Everybody who reads newspapers and most of the people who don't have found out by this time that shoe factories and wholesale shoe dealers have advanced their prices on shoes. Hides are higher, leather is higher, everything that goes into a shoe is higher, consequently the shoe factories are obliged to charge more for shoes. But we had the good luck to buy largely in July and August, before the advance, and we are very glad to be able to inform our customers that we can sell them all the shoes they want at old prices, at least until Christmas. We knew prices were bound to go up and "prepared for war in time of peace," so now we have in our store the largest and best stock of shoes we ever owned and can sell them to you just as low as we ever did.
